1. Organisation Overview

Name: Aurora's Cake Bakery

History

Aurora's Cake Bakery is a small business in Doornfontein, founded by Aurora in 2021. It is well known for its visually appealing, tasty Cakes and great customer service in the area.

Mission

- To meet customers' needs by providing them with quality products.

Vision

- To become a well-recognized bakery that will go as far as catering for big events.

Target Audience

- Residents
- Food enthusiasts
- Event planners and celebrants
- people who'd like to order cakes online

2. Website Goals and objectives

- to sell the product online
- advertise the product.
- provide information about ordering and paying for products.
- increase sales.
- cater for people who aren't from the area.

3. Current web analysis

The business currently has no website; it relies on WhatsApp to communicate with customers and advertise the product. The website will improve the communication and advertising process.

4. Proposed Website Features and Functionality

Pages:

- home page
- about us
- contact and location page.

- booking page
- products /services page
- menu
- cart and checkout functionality.

Users will be able to:

- place orders
- write reviews.
- book seats for special occasions.
- pay safely.

5. Design and user experience

Colour scheme

- Soft blush, creamy beige, and warm browns to reflect the comfort of baked goods.

Typography

- Headings: Look good and easy to read
- Body text: Simple and clean font

Layout and Design

- Pictures displaying the bakery's success.
- Choice of the types of cake a customer wants, e.g., red velvet, chocolate cake, etc.
- Gallery of products
- Shopping cart

User Experience Considerations

- Designs that work on all devices like phones, tablets, etc.
- Easy menu navigation

6. Technical requirements

Hosting: Truehost

Domain: www.Aurora'scakebakery.co.za

Tools:

- Google Analytics to track sales and website visits.

The website will use:

- HTML
- CSS for style and layout
- JavaScript

7. Timeline and Milestone

- **Week 1-2**: Getting content (pictures, product details)
- **Week 3-4**: Wireframes and design
- **Week 5-6:** making the website.
- **Week 7:** Testing and Editing
- **Week 8:** Launch Site

8. Budget

- Domain: ±200 a year
- Hosting: ±1200 a year
- Website development: ±5000
- Web Maintenance: ±3000 a year
- Total estimation: ±R9400
